# Murphy's Tire Mounting White Paste

## Product Data Sheet

### Description:

Murphy's Tire Mounting White Paste is formulated for use in the most challenging applications. Designed for direct application, Murphy's Tire Mounting White Paste is a stable blend of specialty soaps, corrosion inhibitors, preservatives, solvents and water.

The Tire Mounting Paste can be used in any application where rubber needs to be lubricated to its dry state. It does not soften or swell tires and rubber tubes. It provides low friction to prevent twisting and cracking. Murphy's Tire Mounting White Paste contains no harsh chemical components that can be corrosive to metals.

### Features:

- Designed for alloy wheels, low profile and run flat tires
- No additional water or mixing needed
- Extra slippery to help mount tires with stiff beads
- Water soluble
- Easy to apply with a brush
- Contains no petroleum
- Contains no amines
- Contains no phosphates
- Will not support bacterial growth

### Product Data:

- Form: Paste
- Color: White
- Odor: Peach
- Flash point: >220°F (contains water)
- pH = <10
- Bulk Density: Approximately 8.4 pounds per gallon

\*Protect from freezing
